## PROHACKS

for the hackers, by the hackers

### WHAT IS PROHACKS?

ProHacks is a 24 hour hackathon, or programming competition, meant to foster an interest in programming within students ranging from middle school through college. At our event, we hope to be able to further the programming skill of each attendee, while fostering a constructive and competitive environment where each programmer, or 'hacker' so to speak, can become the best version of themselves.

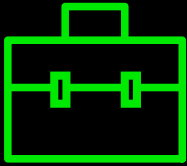

The Objective;

**to promote an interest in  
programming to the workforce of  
tomorrow**

### MONEY ALLOCATION

Our hackathon is free for everyone! Because of that, we would greatly appreciate donations from our generous sponsors to pay for food, prizes and other wonderful accommodations for our aspiring hackers.

# BENEFITS

## RECRUITING

Some of the students attending this event are incredibly talented programmers! This could be an opportunity to find capable interns.

## PRODUCT PROMO

Potential to have guest speakers verbally promote your product to more than 250 attendees, and their parents.

## PRIZE CATEGORY

Prizes awarded for the best use of your service in a team's project/hack (prize is up to your discretion).

300

## 300 YOUNG AND TALENTED YOUTH...

In return for sponsoring, we will promote your business to over 300 young and talented youth. Your logo will be on the back of T shirts handed out to these youth, you can have guest speakers at our hackathon promote your service/business model, and you can opt to supply prizes for the best use of your API/ Product in order to further the incentive to use your product and show the amazing services made available by your company. Your company will not only gain advertising, but can also gain a more positive reputation in the event that you choose to supply our event with a trial or sample of your product.
